“FINE DEL CONFINE”

It is an international project of land art, sound video installations and performance, which has as its conceptual starting point the development of ideas and practices aimed at overcoming geographical and mental boundaries through art and culture. It also aims at the recovery and redevelopment of the cross-border public parks of our territory, transforming them into open and participatory cultural spaces.

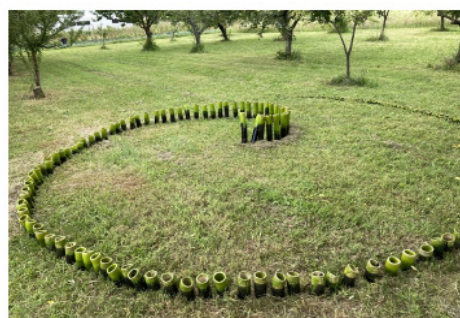

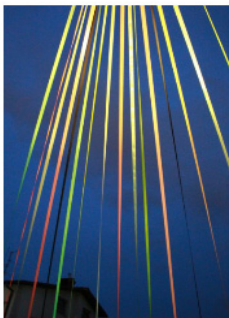

“**Fine del Confine**” will take place within the event “**Frontiere dei Lunatici**” and the Reviews “**The Energy of Places - Festival of the Wind and Stone**” and “**Terra in Trasformazione**” and will include concerts, meetings, land art, a film review, presentation of books and projects relating to the Basaglia Park, as well as special installations in nature, workshops and nature itineraries at the Adventure Park in Ceroglie / Cerovlje (Duino Aurisina-Trieste).

“Fine del Confine” was born from an idea of Manolo Cocho, Guillermo Giampietro, Maria Campitelli and Fabiola Faidiga. It will include five days of art and performance where the Basaglia di Gorizia Park, the neighboring area of the town of Ceroglie / Cerovlje - Duino Aurisina will become cultural sites and free encounters between artists, nature and the territory. The Basaglia Park, located on the border line between Italy and Slovenia and on the imaginary border between madness and the appearance of normalized reality, was in the past a place of exclusion and suffering where Franco Basaglia’s important adventure began. when the asylums closed, he transformed that space of confinement into a park of particular beauty and biodiversity open to the city and to artistic experimentation in a perspective of sharing and respect for Nature. The initiative aims to revitalize and redevelop the park making it a cultural and participatory space.

While the Adventure Park of Ceroglie / Cerovlje, located near a border that was a battlefield and devastation in the two world wars, is today a natural gym for sportsmen and a meeting place between contemporary artists, with permanent works of Land Art and laboratories for the recovery of dry stone walls.

The “Fine del Confine” project acquires even more relevance in the perspective of Gorizia and Nova Gorica unified as European Capital of Culture in 2025.

“Fine del Confine” will be an international and at the same time local event, as artists from different countries of the world will participate together with artists from our territory.

GORIZIA

Sala Dora Bassi / Via Giuseppe Garibaldi, 7

**"FINE DEL BORDER" / project presentation, meeting and debate
Saturday 3rd September / 6.00 pm - 8.00 pm**

Adventure Park Trieste - Ceroglie / Cerovlje (Duino Aurisina - TS)
The rebirth of dry stone walls - Wonders in the Park / Fantastic Animals

A part of "End of the border" will be held simultaneously at the Adventure Park of Ceroglie / Cerovlje with the project "Wonders in the Park", these are the appointments:

- **Friday 9 September** - from 9.00 to 13.00

Laboratory "**The rebirth of dry stone walls**" curated by the architect Danilo Antoni, in collaboration with "Partnerstvo za Ohranitev in Popularizacijo Kraške Suhozidne Gradnje - Partnership for the Conservation and Dissemination of Karst Dry Stone Construction".

The dry stone buildings (intangible heritage of Unesco) are part of the identity of the inhabitants of the Karst. The meeting introduces the knowledge of the construction system and wishes to pass on the experience to new generations also in an artistic and creative form. The workshop is open to everyone, in particular to artists, students and local inhabitants.

- **Sunday 11 September** - 4.30 pm

Inauguration of "**Wonders in the Park / Fantastic animals**" with installations of Land Art and Art in Nature by the artists: Marco Bogar, Cecilia Donaggio Luzzato Fegiz, Rodolfo Liprandi, Cristina Lombardo, Simone Paulin, Aleksander Veliscek. Curated by Maria Campitelli.

This will be followed by a **Creative Walk**, by the naturalistic guide Alice Sattolo, with a visit to the Bombus and Antonic farms - Asino Berto educational farm.
